# The History since 1978

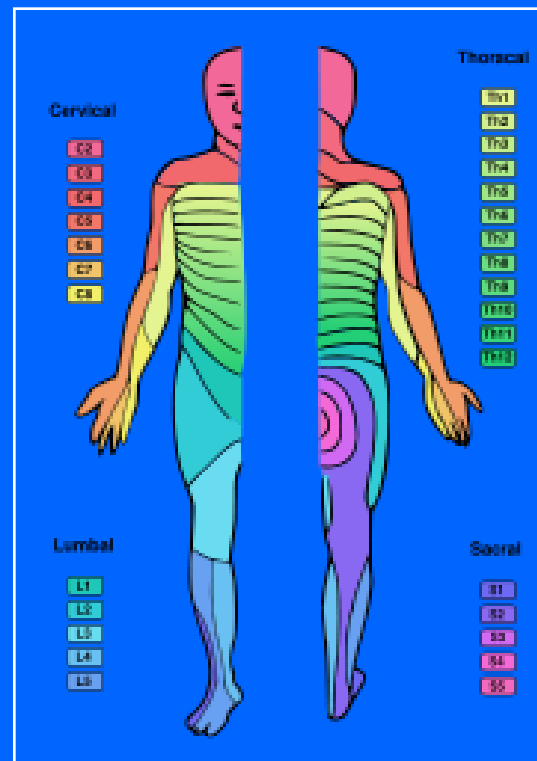

Medizinische Fakultät Heidelberg

Arbeits- und Sozialmedizin  
Institut und Poliklinik für Arbeits- und Sozialmedizin

# TRD

## Thermoregulationsdiagnostik

**Thermoregulation** is the ability of an organism to keep its body temperature within certain boundaries, even when temperature surrounding is very different.

# Team - TRD 1978

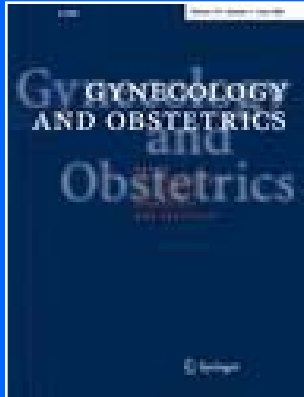

## Heidelberg / Aachen

# Conclusion

- Take the allopathic reports and treatments of diseases using substances that cause different effects from that of the disease itself
- Do SCIO - Analyse - **cause and focus**  
**Use the connection between the organ systems, the several bodyplanes, the ChakraSystem of the Hindu people, the Meridians and their holistic equivalent**
- Do SCIO - Detox
- Do SCIO - Harmonizing
- **Use good add ons in an individual form**
